PROFILE

I thrive in collaborative environments and am adept at translating complex requirements into seamless, responsive designs. Eager to contribute my skills and learn from a talented team, I am excited about the opportunity to bring innovative solutions to your company as a front-end web developer.

WORK EXPERIENCE

- **Zypherr** 2024 - PRESENT
Startup Business
 - Develop and execute startup business, selling website templates for freelancers and small companies.
 - Designed and developed a wide range of website templates for various industries, ensuring high quality and user-friendly designs.
 - Utilized HTML, CSS, and JavaScript to create responsive and modern templates.
